

# Welcome to Room B117

## April 8 - 12

### This week at school!

- This week we will read books that teach us to understand feelings and how to express them. We will also discuss how to respect the feelings of others.
- In Reading, students will learn a new hunk & chunk /all/. Have your child practice writing words with this hunk & chunk (call, fall, mall, tall, wall, ball, hall, stall, small).
- In Writing, we will continue our book project following the writing process. We have completed the graphic organizer and are working on our rough draft (sloppy copy).
- In Math, students will practice subtraction problems within 10. We will focus on connecting story problems to subtract using pictures, models, and equations. Our models include counters, tens frames, and fingers.
- Math Vocabulary: number sentence, add, subtract, equals sign (=), equation, plus sign (+), minus sign (-), total, quantity.
- In Science, we will discuss baby animals and learn about Jane Goodall's research on chimps in the forest.

### Important Reminders

- 5/17 - Our class will visit the Natural History Museum. Permission forms were sent home last Tuesday 4/2.
- From The BBHES Main Office: Just a reminder that students will not be permitted to attend field trips if school fees and/or tuition are not paid. Please contact Mrs. Levine at 440.740.4111 if you have questions about fees
- Addition/Subtraction flash cards were sent home in your child's red last Tuesday. Please practice with your child so they can respond with the answer quickly without using their fingers by the end of 4<sup>th</sup> quarter.
- Practice all high-frequency words daily if your child is not fluent reading them by sight. Many students struggle with the words: what, want, was, your. If you need flashcards, let me know.
- Our Scholastic book order is due no later than Friday, April 12<sup>th</sup>. If ordering online use our class code: L3GW6.
- Check our website to see our class in action. <https://mrsmulackskindergarten.weebly.com/>
