

Welcome to Room B117

November 6 - 10

This week at school!

- This week we will explore wordless books and discover how to understand a story through pictures. Children will also learn to sequence a story's events as beginning, middle, and end.
- Our new high frequency word: **to**.
- In Math, children will sort objects into different categories based on their characteristics or attributes. Sorting helps children visualize and understand how objects are alike and different and ways that they can be organized into groups.
- In Social Studies, we will discuss the election process and have an election of our own - Kindergarten style. Children will cast their own ballot on an important decision: Which snack should Mrs. Mulac bring to the class? The ballot selections are cookies, cupcakes, or donuts. Students will understand that their choice may not be the popular vote. We will also discuss Veteran's Day and the importance of giving thanks to our Veterans.

Important Reminders

- 11/10 - PSO sponsored Culture Night.
- This week's feature color is pink. Please have your child wear **pink** on *Friday*.
- Our second round of conferences will take place on Thursday, 11/9. Thanks to all that attended on 11/1, it is so nice for me to hear about your child from your perspective.
- Encourage your child to point and say each word when reading the text of their sight-word books. This strategy allows them to focus on each word instead of random guessing.
- Keep reading and coloring a turkey each evening to earn a certificate for a free personal pan pizza from Pizza Hut.
- Please help your child learn to zip their jacket independently.
- 11/15 - Picture retake day.
- Check our website to see our class in action. <https://mrsmulacskindergarten.weebly.com/>
